

# An Alternative to Classroom Training

Due to the COVID-19 pandemic, we would like to encourage you to postpone all University training for the time being. We are aware that many of you have already done so, but felt it was important to reiterate the message for any of you that have yet to do so. Unfortunately, due to the fluidity of the situation, we cannot begin to estimate the length of time this request will remain in effect. But we can assure you that we are in continued communication with health entities and municipalities across the country for the most up to date and accurate information.

While we are responding to the Corona Virus Pandemic by reducing our contacts with others in groups, the GWRRA University is offering an alternative training opportunity.

**Beginning April 6th**, GWRRA University will be offering a limited number of classes by video conferencing (Zoom). The classes offered (only during this COVID-19 crisis) will be:

**Mondays** ~ GWRRA Module 202-04 Retention is Important ~ How to retain Members

**Tuesdays** ~ GWRRA Module 301-02 More Members ~ Recruitment basics

**Wednesdays** ~ GWRRA Module 106-01 On the Level ~ Covers the Levels Program

**Thursdays** ~ GWRRA Module 201-06 Newsletters ~ Discusses communication via Newsletters

**Saturdays** ~ GWRRA Module 202-04 Retention is Important ~ How to retain Members

These classes will be taught by the GWRRA University Team.

These are the specifics:

\*Preregister on-line on the University website: [gwrradot.com](http://gwrradot.com)

\*Once registered, you will receive an email confirming your registration. \*Classes will be offered at **3:00pm and 6:00pm** Central Time.

\*Class sizes will be limited.

\*A U.3 class roster will be completed and submitted for entry into the database.

\*You must participate by computer or phone with a camera. No dial in calls.

\***All Members** are encouraged and welcome to attend.

The University will evaluate and determine if the on-line training will be continued and if other classes will be added.

Any questions, please contact Clara Boldt, Director of the University at [toledotriker@gmail.com](mailto:toledotriker@gmail.com)

Please note that, because of the extension of the moratorium regarding meetings during the Pandemic, the decision has been made to extend online training through May and six additional classes have been added, increasing the total class titles offered to 14. The classes were added today to the registration area on the University website at <https://gwrradot.com/april-2020-university-online-classes/>. Please share this with all chapters and members.

University class offerings for MAY:

202-04 GWRRA Module Retention is Important ~ Retention ~ How to retain Members. To understand that retention is a strategy rather than an outcome.

201-03 GWRRA Module Can You Hear me now? ~ Communication ~ What types of communication are avail-able and how to successfully use them.

102-02 GWRRA Module When Your Hot Your Hot!! ~ Riding in the Heat ~ Educate riders and co-riders about hot weather riding.

103-03 GWRRA Module Only Sugar Melts in the Rain ~ Riding in the Rain ~ To better prepare a rider and motorcycle to ride in the rain. To lessen the risks involved in riding in the rain.

103-04 Team Riding Seminar ~ To educate and inform Members about the benefits of Team Riding and the suggested planning and conduct of team riding.

201-04 GWRRA Module Cha-Cha-Cha Change ~ Managing Change ~ Provides insight & tools for managing change.

102-06 GWRRA Module A View from the Rear ~ A Co-Riders View ~ To delve deeper into and to share the co-riders perspective and through this knowledge empowering the co-rider to be a more integral part of the riding team.

204-02 GWRRA Module We're Doing What? ~ Planning a Chapter Event ~ A better understanding of the steps involved in putting on a successful event. Sharing of successful events.

106-02 GWRRA Module for the Mature Rider ~ Aging & How it affects Riders ~ Increase awareness of aging on motorcycle riders. Participants will be more "in tune" with changes that affect their abilities to safely operate a vehicle.
